Digital Marketing

amsight GmbH – Who we are

We are an emerging startup from Hamburg with the vision to develop the best software for data management and quality assurance in the industrial 3D Printing sector (B2B). We believe that 3D Printing is the most resource-efficient way to produce products and want to support the growth of the industry with our company. We are a young and enthusiastic team that emphasizes a good working culture.

What you will do

You will coordinate and execute our marketing activities, with a focus on digital marketing:

- Refine and optimize our digital marketing strategy with us.
- Coordinate and execute digital marketing activities.
- Elevate our online visibility.
- Operate our Social Media channels, with a special emphasis on LinkedIn.
- Monitor and assess the effectiveness of our marketing activities.

What is in for you?

- Interesting job with a lot of growth opportunity.
- Flexible working hours and remote work.
- Opportunity to make a tangible impact on our company's trajectory.

What we're looking for

We are looking for an enthusiastic new team member that helps us building-up and operating our marketing activities. It would be great if you have focus on marketing in your studies and know relevant tools for digital marketing & analytics (e.g. Google analytics, HubSpot, LinkedIn Marketing Solutions). Also, you should be fluent in English and German.

How to apply

Interested in being part of our journey? Just write us a short mail or connect with me on LinkedIn (contact details provided in the footer). Let us know, why you would like to work with us – but please, keep it short.
